Postal Sealing Tabs

Matrix Label Systems' **Postal Sealing Tabs** are manufactured from only the highest quality paper stock and films. Our Postal Sealing Tabs have been designed and developed to meet or exceed all U.S.P.S. postal compliance requirements for adhesion and tensile strength. This includes surfaces rated "a through h" and tensile strength requirements "type I and II". Our tabs are manufactured to provide a high initial quick stick to a wide range of surfaces including coated papers, and include 40 lb. or 50 lb. backing sheets that have been custom treated to withstand the high speed dispensing applications of today's tabbing machines.

3/4" Circle Tabs

34-20K TL (VP)

Size: 3/4" Circle
